Performance Review

Employee Information

Employee Name	Samantha Ferguson	Department	Machine Learning
Position	ML Engineer	Reviewer	Ashok Saravanan
Review Date	June 10, 2024		

Strengths / Training Needs

Detail Employee's Greatest Strengths
Earnest approach to problem-solving, attention to detail, and willingness to seek feedback. Demonstrated strong collaboration on team projects and openness to learning new techniques.
Detail Aspects Requiring Improvement
Timely delivery of assigned models and achieving team benchmark for model accuracy. Needs to translate feedback into actionable steps and proactively communicate project status.

Goals

Achieved Goals Set In Previous Review?
Successfully delivered 2 ML models with solid documentation and team integration.
Goals For Next Review Period
Deliver at least 5 models on time next quarter, raise average model accuracy to 92%, and implement a feedback-action tracking system to ensure continuous improvement.
